MOBILE APPLICATION DEVELOPER

Passionate Mobile Application Developer with experience in Kotlin and React Native and a strong foundation in front-end web development. Skilled in building responsive apps and integrating APIs, Firebase, and modern tools. Through academic projects and internships, I've gained practical experience in mobile and web development, teamwork, and problem-solving. Currently seeking a software development internship to contribute, learn, and grow as a developer.

SKILLS

Mobile Development:	React Native, Kotlin, Firebase, REST APIs
Web Front-end:	React.js, JavaScript, HTML, CSS
Tools & Technologies:	Git, GitHub, Android Studio, VS code
Soft Skills:	Problem Solving, Teamwork, Communication, Agile

PROJECTS

Movie Explorer App: React Native, Axios, TMDB API — Built a cross-platform movie app using React Native, integrating TMDB API for real-time movie data. Implemented navigation, search functionality, and detailed actor/movie views. ([View Project](#))

Mechanic Finder Web App: Developed a web-based platform that connects mechanics and customers through an interactive map system. Users can find nearby mechanics, send service requests, leave comments, and rate each other — HTML, CSS, JavaScript.

E-Commerce Fashion Website (Full Front-End): Developed a fully responsive e-commerce website with modern UI/UX design, including Home, About, Shop, Blog, and Product Detail pages, using — HTML, CSS, JavaScript, and React components. ([View Project](#))

CERTIFICATIONS

React Native: Android and iOS - SkillUp: Hands-on cross-platform mobile development for Android and iOS using React Native - UI components, navigation, and app architecture. ([View](#))

React Native Development - Meta: Mobile app development by Meta experts — navigation, state management, API integration, and reusable component design. ([View](#))

Agile Project Management - HP LIFE: Scrum practices, sprint planning, backlog prioritization, and iterative delivery for software projects. ([View](#))

AI for Business Professionals - HP LIFE: Applying AI in business workflows, automation, decision-making, and productivity enhancement. ([View](#))

EXPERIENCE

Kotlin Mobile Developer	2 Month
--------------------------------	---------

- Worked on Android application development using Kotlin.
- Built app screens, UI components, and integrated basic functionalities.
- Gained experience with API integration, Firebase, and Git workflows.

Front-end Developer Intern CapregSoft (Private) Limited	1 Month <i>Wah Cantt</i>
---	-----------------------------

- Completed a structured internship focused on JavaScript and React.

- Built UI components, reusable layouts, and responsive designs.
- Learned teamwork, debugging, and clean code practices.

EDUCATION

Associate Degree in Computer Science (ADP-CS)

Virtual University of Pakistan

2023- 2025

Faculty of Computer Science (FCS)

FG Degree Collage, Wah Cantt

2020- 2022

“ I’m motivated to learn, grow, and deliver value. I would be excited to contribute to your team. ”
